Part explanation

Usage instruction

1. Turn on the power and pour the roasted beans into the bean tank.
2. After the coffee beans are cooled, you can remove the beans.
3. After use, please pour out the coffee chaff from the filter net.

Safety precautions

1. Purpose only for cooling coffee beans.
2. Please remove the bean filter and clean with water before first time usage. DO NOT wash the remaining parts. If there is dust or dirt after use, please wipe it with a dry cloth.
3. Do not weigh, hit or fall, causing damage to the product.
4. This product has been used or used improperly causing damage, will not accept return and exchange.
